

Facilities fleet and staff parking changes to begin April 17

Temporary fleet and staff parking shifts will start Monday, April 17 and continue during construction of the Facilities Management Training Center. Construction is scheduled to be complete in January 2024.

Construction phase parking information is detailed in the map below:

A The shifts will take place during construction of the Facilities Management Training Center. The 4,000-square-foot building will be located behind Building 3. It will include flexible classrooms, demonstration space for industrial equipment training, and restrooms.

B The staff parking lot located behind Building 1 will transition to a fleet parking area. Staff who currently park in

this lot will need to park in front of Building 1.

C There are spaces available in the front parking lot that can accommodate those vehicles that will shift from the lot behind Building 1. However, it is anticipated the front lot will be highly occupied. If needed, two overflow areas have been identified.

D There will be a 30-day window during construction when this fleet parking area will need to close. The closure will allow utility connections to take place. After the connections are complete, this area will reopen to fleet parking. A date has not been set for this closure.

Contractors will park inside the project site during construction.

General Announcements *March*

Welcome New Employees

John Raiford – Assistant Manager – Mail Services – Feb. 26

Troy Futral – HVACR, Tech I – Maintenance Zone 3 – Feb. 26

Nick Nowlin – Estimator III – Project Support – Feb. 27
